Saturday evening at the Seibert alleys the first week's games of the championship season of the Wheeling Bowling League were played, the contesting teams being the La Belle and Pen and Pencil teams. Though La Belle won both games their defeated opponents have no reason to feel downcast, for they made the third best team score of the week and La Belle had to play ball from start to finish to win.

The first game was remarkable for the big team scores, La Belle making the second highest of the week and Pen and Pencil third best. Fritz Colmar led both teams in individual work with 174 pins. The score:

La Belle—Hannan, 2, 4, 4, 151; W. Stevenson, 1, 3, 6, 119; Wells, 2, 1, 7, 116; J. Day, 1, 6, 3, 159; Wright, 3, 3, 4, 101; Blind, 3, 4, 3, 182; total, 12, 21, 27, 807.

Pen and Pencil—Cassell, 2, 4, 4, 145; Borland, 4, 1, 5, 181; McMurchy, 0, 4, 6, 123; Colmar, 3, 6, 1, 174; Archer, 4, 2, 4, 164; Blind, 2, 0, 8, 103; total, 15, 17, 28, 840.

In the second game both teams fell off in rolling. This time "Jim" Day, who puts whippers on the ball, got there in great shape, to the tune of 175, best score of the evening. McMurchy did the best work for Pen and Pencil, 160. The score:

La Belle—Hannan, 2, 5, 3, 161; W. Stevenson, 2, 1, 7, 106; Wells, 0, 4, 6, 121; J. Day, 4, 2, 4, 175; Wright, 3, 3, 5, 143; Blind, 3, 1, 6, 132; total, 13, 16, 31, 838.

Pen and Pencil—Cassell, 2, 3, 5, 130; Borland, 0, 2, 8, 103; McMurchy, 3, 3, 4, 160; Colmar, 1, 4, 5, 129; Archer, 0, 4, 6, 119; Blind, 0, 6, 4, 135; total, 6, 22, 32, 785.

The average rolling of the various teams for the week is as follows:

La Belle, team, 852; player, 142; Pen and Pencil, team, 813; player, 136; The Brownies, team, 846; player, 141; Calumet, team, 771; player, 129; Columbia, team, 760, player, 127; Provident, team, 760; player, 127; The Bowlers, team, 773; player, 127; Wheeler, team, 705; player, 118; Lotus, team, 722; player, 121; Namless, team, 753; player, 112.

GOT THE DECISION.

Martin's Ferry Wins Saturday's Game With Bethany.

With a light team the Martin's Ferry Y. M. C. A. foot ball eleven went to Bethany on Saturday to tag for the honors of the pig skin with the college club, and defeated the students by a score of 6 to 4. This makes four games won out of the five played by the Y. M. C. A. They fully expected to beat Bethany, but found this by no means an easy task, for the team is strong. This is the first season for the Bethany eleven and it has made a good start. Jones, the center, weighs 190 pounds, and the average is 160. Watson is a good punter and a clever all round player and his men play well.

At the start Martin's Ferry kicked off, got fifteen yards and by good backs were within fifteen yards of the goal. Watson kicked on the third down. Eberts missed on a fumble. Bethany covered the ball and it went as a touch down to Bethany. Watson failed to kick a goal. Score, 4 to 0 in favor of Bethany.

Martin's Ferry had the kick off. Bethany lost to the visitors on third down. Beyond runs and kicking and runs by McAninch Martin's Ferry scored a touchdown, having gained twenty yards. McAninch made the touchdown and Sweeney kicked a goal. Score 6 to 4 in favor of Martin's Ferry and this was the final score.

The second half was opened by the college boys. Mitchell caught the pig skin and ran twenty-five yards. By incisive bucking and running of ends by Davis and Sweeney Martin's Ferry reached the twenty-yard line. Sweeney ran across the side line and brought the ball out. While the ball was being put in play by the Martin's Ferry center Bethany's quarter back while off side and before it was in play stole the ball from Gjersten and without any interference whatever on the part of Martin's Ferry made a touchdown and a goal was kicked by Watson, both under protest and the referee refused to give the six points to Bethany, the play being unfair. Score 6 to 4.

In the next and last play Martin's Ferry after a hard fight was within three yards of Bethany's goal when, as in the first half, luck was against them or the score would have been at least eight points higher in the favor of the visiting eleven.

A SCRAPPY GAME.

Oberlin and Wash-Jeff Play a Great Foot Ball Game.

The most hotly contested game of foot ball ever played in Little Washington occurred at College Park Saturday afternoon between the Washington and Jefferson team and that of Oberlin, O. College. Between three and four thousand people were on the grounds and the excitement was intense. The result was that neither side scored. The first half, which lasted thirty minutes, showed some pretty plays on both sides. Washington and Jefferson had the ball the greater part of the half, and by determined bucking took it to the Oberlin goal line, but lost it at this critical moment. There was a dispute at this juncture, but Washington and Jefferson gave in.

The second half is where the greatest excitement came in. Scrapping was freely indulged in. Neither side had the ball more than a few minutes at a time. W. and J. undoubtedly showed its superiority in this half, but Oberlin

also played magnificent ball. When time was called the ball was well in Oberlin's territory. In backing W. and J. greatly excelled, while Oberlin was best at interference and in getting around the ends. Edwards, Frye and Ingalls did fine work for W. and J., but the team as a whole played well. In the second half one Oberlin player created a stir by indulging in some slugging, having lost his temper. One or two W. and J. men resented this, and the policemen were obliged to quell the disturbance. When the game closed many in the crowd rushed for the umpire, Borrand, who is said to be Oberlin's captain. Members of the W. and J. team were obliged to run him into the grand stand for safety. He was finally escorted from the field to the train by W. and J. players and the police, who also saw that the other visiting players got away safely.

WEST VIRGINIA BEATEN.

The University Team Taken into Camp at Connellsville.

Special Dispatch to the Intelligence.

MORGANTOWN, W. Va., Oct. 27.—The West Virginia University foot ball team went down to-day in the game at Connellsville, but the defeat was by no means an inglorious one. The engagement was to play against the team of the Connellsville Athletic Association, but not a man of the team was present, when the line up was made. Recognizing the superiority of the West Virginia University from their game against Mt. Pleasant college the Connellsville aggregation got together players from half a dozen colleges, and instead of a team in their own class our boys found a lot of professionals. Two men who have played at Princeton, one from Lehigh, one from Harvard, and the remainder from Greenburg college made up the opposing team, and they were all heavy and skillful players who are able to down many of the big college eleven. Besides this the university team was a patched up one.

The W. V. U. team was accompanied by one hundred students and they went in private cars decorated with yards of old gold and blue, and were prepared to root lustily for the boys; but they did not have much of an opportunity to yell, as W. V. U. played on the defensive during the whole game. But once they got the oval dangerously near the goal of the opposing team. The score was 38 to 0. The West Virginia boys played a hard game, but could not score. Laps was knocked senseless during the game and Bueener finished the game. Keesley, was also injured and Booth was substituted.

Next Saturday's Game.

Considerable interest is manifested in the foot ball game to be played at Cadiz next Saturday, at 1:30 between the Y. M. C. A., of Martins Ferry, and the Franklin College eleven. The Martins Ferry team will go to Unionvale and return on the Wheeling & Lake Erie railroad at a low rate, leaving Martins Ferry on the 9:57 a. m. train and getting back home on the 5:07 p. m. train. Unionvale is four miles from Cadiz, and the club will make the trip in vehicles, which will connect with both trains. The trip will be a pleasant one, and a large number of the lovers of foot ball in Wheeling, Bridgeport, Martins Ferry and Steubenville will take it in. Cadiz and Franklin will be out in force. The business men of Cadiz offered to close their stores if the game would be played on Friday.

The Vigilants Win.

Twenty-two to nothing was the score at Steubenville on Saturday in the game of foot ball between the Vigilant club of Martins Ferry and the S. A. C., of Steubenville. The twenty-two points were made by Martin's Ferry and as usual Steubenville was not in it at any stage of the game. The Vigilants had a walk-over and could have doubled the score had they hustled. As it was the Vigilants scored three touch downs. Steubenville has not won a single foot ball game from Martin's Ferry.

McClelland and Bell.

E. C. McClelland and J. J. Bell, says the Pittsburgh Dispatch, are likely to be matched to skate a series of three races of five miles each, best two out of three, for \$250 a side. The races are to take place in this city within two weeks from last evening. The match may be made at the Dispatch office to-morrow evening.

Linsly Defeated.

WASHINGTON, Pa., Oct. 27.—A very neat foot ball game was played here this afternoon between the Linsly Institute Cadets, from Wheeling, and the Trinity Hall Cadets, on the grounds of the latter. Both teams played very fine ball, considering their youth, but Trinity Hall was the better of the two. The score stood 16 to 4 in favor of Trinity.

COWARDLY ASSAULT.

A Wheeling Man Assaulted on a Baltimore & Ohio Train.

THOMAS O'BRIEN, JR. THE VICTIM.

The Cause of the Assault Said to Have Been a Bet Made by a Man that O'Brien Would Not Vote the Straight Republican Ticket—The Perpetrators Are Known and Will Probably Be Brought to Justice.

Saturday morning Mr. Thomas O'Brien, Jr., left on the Baltimore & Ohio's 1:45 train for Fairmont. Previous to this, on Friday night, Mr. O'Brien had been dogged by several men, among them being three well known Democrats, one of whom was "sore" because O'Brien had been the cause of his loss of a \$200 bet. This bet was that the latter would not vote the straight Republican ticket, and as he had recently announced his intention of doing this, the man had lost his bet.

Mr. O'Brien boarded the train; the three men in question also got on. O'Brien quietly took a seat and sat back comfortably for a doze. Nothing happened until the locomotive whistle announced that Benwood was reached. As the train was being reduced in speed, one of the three men alluded to walked up the aisle, and without giving his victim any warning, struck him several times on the face and shoulder. The three then rushed to the door of the car and disappeared in the darkness before the station was reached, one nearly being caught under the wheels of the car.

The assault was a most cowardly one, and it is quite probable that the perpetrators will be brought to justice, as their names are known. Mr. O'Brien's injuries, while not serious, are severe, both eyes being blackened, and in addition he received a bad bruise on the left arm, notwithstanding the fact that he wore a heavy overcoat, which looks as though it was received from a heavy, blunt instrument.

A RAILROAD ACCIDENT.

A Boy Caught Under a Moving Train Near Moundsville.

A distressing accident occurred yesterday morning at Moundsville. Charles Lewis, a fifteen-year-old son of a bridge carpenter on the Ohio River railroad, has been in the habit of jumping on the Baltimore & Ohio freight train just after leaving the station and riding out to the water-station bridge. Yesterday morning about 10 o'clock he made a fatal jump. The train he got on was going at a high speed before he jumped off, and when he did so his left foot was caught under the wheels and horribly mashed, making amputation necessary just above the ankle. Drs. Bruce and Schmidt, of Moundsville, operated on the limb. After the accident the boy confessed that he had often been warned to keep off the trains. He was employed at the Fostoria glass works. His parents are in very poor circumstances, and live in the lower end of Moundsville.

Blast Furnace Accident.

Last evening at 5:30 the people residing in the vicinity of the Martin's Ferry blast furnace were considerably frightened by what seemed to be an explosion. It caused a loud report, and a great volume of gas was seen escaping from the furnace. A large quantity of stock had accumulated on the side of the cupola near the top, and this fell with great force. This forced up the gas through the "bleeder" and blew off the damper on the top and gas shot out at a lively rate. In the morning at 7 o'clock another lot fell.

THE PRICE OF BREAD.

The Agricultural Department Gives Out Some Facts and Figures Regarding the Cost.

WASHINGTON, D. C., Oct. 21.—In view of the crusade for cheaper bread inaugurated in a number of cities, including Washington, where the price has been reduced from five to four cents per loaf as a result of the crusade, the agricultural department has given out a bulletin on "the cost of bread," taken from the forthcoming report of Prof. W. O. Atwater on the nutritive value of foods. It says: "In practice 100 pounds of flour will make from 133 to 137 pounds of bread, an average being about 136 pounds."

"Flour, such as is used by bakers, is now purchased in the eastern states at not over \$4 per barrel. This would make the cost of flour in a pound of bread about one and one-half cents. Allowing one-half cent for the shortening and salt, which is certainly very liberal, the materials for a pound of bread will cost not more than two cents. Of course there should be added to this the cost of labor, rent, interest on investment, expenses of selling, etc., to make the actual cost to the baker."

"Very few accurate weighings and analyses of bakers' bread have been made in this country, so far as I am aware; but the above statements represent the facts as nearly as I have been able to obtain them."

"The average weight of a number of specimens of ten cent loaves, purchased at Middletown, Conn., was one and one-fourth pounds. This makes the price to the consumer eight cents per pound. The price of bread and the size of the loaf are practically the same as when flour cost twice as much."

"The cost of bakers' bread is a comparatively small matter to persons who buy only a loaf now and then, but in the eastern states and in the larger towns throughout the country many people, and especially those with moderate incomes and the poor, buy their bread of the baker. Six cents a pound, or even half that amount for the manufacture and distribution, seems a very large amount. In the large cities competition has made bread much cheaper, but even there the difference between the cost of bread to the well-to-do family who bake it themselves and the family of the poor man who buys it of the baker, is unfortunately large."

The California Earthquakes.

SAN DIEGO, CALA., Oct. 23.—The shocks of earthquakes which began last Tuesday afternoon, continued during the week and reached an end with a very perceptible shock, felt throughout the region between Lakeside and Alpine. A spring of water which had been obliterated because of the earthquake two years ago again sprang into existence. There are reports of other similar occurrences in the mountain country.
